

Please refer to this diagram when dropping off or picking up your child by the band hall for practice or a performance. It is designed for continuous traffic flow. Coordinate a meeting place for pick up ahead of time and have a back-up plan since the front becomes crowded easily. The parking garage off Dominion is an excellent place to wait for your child. Not everyone can fit into the front parking lots. Please find alternative parking if it is full and *never block the flow of traffic*.

On performance days when buses and the band trailer are utilized, the drive closest to the school will be blocked. For safety reasons, no traffic will be allowed to drive or park in this area. **YOU WILL BE ASKED TO MOVE.** Late night trip arrivals can be confusing and frustrating for parents as everyone converges at once in a small, dimly lit area. Please plan ahead, use caution and be patient.
